

Good Evening:

*The weather has been toying with us. For those of us who love warm weather, we can bask in this reprieve until Wednesday before it begins to feel like October again. Thursday is the anniversary of the establishment of the United Nations 79 years ago. Among other tasks, the UN deploys peacekeeping missions globally. As of July, 11 such missions are in action. In 1948, the year of the inception of such missions, there was only one. As always, if there is a problem with your appointment, please get in touch ASAP. **(Scroll down for the second page.)***
